## Natural Stone Internship | Learning Objective Statement

**Define the goals you want to achieve during your internship. You will refer to these throughout your experience and use them to define success upon completion of the program.**

List two goals, and two activities that support each goal, in the categories below. For example:

- Professional Goal: Build a professional network.
  - Activity 1: Set up one-on-one interview with a professional in the stone industry.
  - Activity 2: Attend a local ASID chapter meeting.
