

# Qualified Labor Specification Language

The Natural Stone Institute Accreditation Program provides specifiers with an easy-to-find collection of well-qualified stone professionals. Accredited companies third-party verify compliance with a rigorous set of metrics including quality, safety, and customer service.

## BSD SpecLink

**If your firm is using BSD SpecLink, and specifying projects in one or more of the following sections, please include Natural Stone Institute Accreditation language in your office master.**

- 04 42 00 Exterior Stone Cladding
- 04 43 13 Stone Masonry Veneer
- 04 43 16 Stone Fabrications
- 04 30 00 Tiling
- 09 63 40 Stone Flooring
- 12 36 00 Countertops
- 32 33 00 Site Furnishings

### **Instructions for adding our qualified labor credential to your BSD SpecLink account:**

1. Open your office master in SpecLink.
2. Navigate to one of the sections listed above.
3. Click to edit.
4. Look for 'Natural Stone Institute Accredited...' in the Quality Assurance sequence and click to add it to your spec.
5. Repeat for the rest of the sections above.

*Find a list of Natural Stone Institute Accredited companies sorted by project type and location on our website.*
