

Award of *Merit*

PROJECT:

Burna Yacht
New Orleans, Louisiana USA

MIA MEMBER COMPANY:

Stone Interiors, LLC
Loxley, Alabama
Stone Supplier, Fabricator & Installer

The goal for this project was to furnish and install natural stone to standards that would far surpass the extremely stringent quality criteria mandated in a luxury yacht. Stone Interiors delivered by fabricating and installing 2,500 sq. ft. of elaborate designs for the master bath, backlit bar, and main deck areas in Breccia Oniciata marble, Lapis Blue, and Honey Onyx, all polished finish. The many challenges included maneuvering fabricated end products up and down a central 72-inch diameter circular stairway.

JUDGES' COMMENTS:

"The onyx material's qualities are magnified"... "Backlighting of the onyx shows the stone's natural beauty."

OTHER PROJECT TEAM MEMBERS:

Interior Designer: Mimi Fitz of Perfect Designs • General Contractor: Trinity Yachts, LLC
